## Market commentary & News

### Market commentary

#### Real Estate in the spotlight

Hieu Tran  
hieu.ttm@kisvn.vn

The stock market maintained its uptrend as cash flowed into Real Estate.

At the close, the VNIndex gained 0.36% to close at 1,479 pts. Meanwhile, the trading volume was 628 million shares or VND21,150bn.

Foreign investors continued to net sell with a net value of VND742bn on HSX. They sold HPG, MSN, and GMD the most with net values of VND209bn, VND119bn, and VND98bn, respectively.

Real Estate was the market leader thanks to CEO (+2.30%), DIG (+3.29%), DXG (+3.22%), HDG (+1.16%), NLG (+0.93%), VHM (+1.62%), VIC (+1.41%), and VRE (+1.27%).

Cash flowed into Banking and Brokerage driven by BID (+1.11%), MSB (+1.60%), NVB (+1.31%), STB (+1.45%), BSI (+3.13%), BVS (+2.58%), MBS (+1.37%), and VND (+6.70%).

Some constituents of the VN30Index jumped more than 1%, such as VNM (+2.66%), BVH (+1.77%), and SAB (+1.29%).

In contrast, selling pressure pushed Energy down, namely BSR (-1.72%), GAS (-3.03%), OIL (-3.23%), PLX (-2.70%), PVD (-2.88%), and PVS (-3.05%).

Despite the second recovery, the downside risk is still intact in the short term as the VNIndex closes below the 1,510-pts threshold. Therefore, traders should still be careful and stay on the sidelines until the VNIndex closes above the 1,510-pts zone.

### Breaking news

Tuan Doan

- World: The U.S. to ban imports of oil and petroleum products from Russia

The U.S. government decided to ban imports of oil, liquefied natural gas, and coal from Russia following the Executive Order passed by President Biden yesterday. In 2021, the U.S. imports oil and petroleum products from Russia accounted for roughly 8% of the total import of these products, around 245mn barrels or 672k bpd last year. In order to ease the pressure from the sanction onto energy prices, the U.S. government has committed to releasing more than 90mn barrels this year from the strategic petroleum reserve, with an emergency sale of 30mn barrels just announced last week. As a result of increased tension put on global crude oil supply, Brent oil price was again climbing just over USD130 a barrel in Wednesday's trading session, around the highest level since July 2008. (The White House, Bloomberg)
