The optimism

Vietnam stock markets recorded the bullish session as the U.S. president has been planning to reopen the economy after controlling the COVID-2019 epidemic.

At the close, the VN-Index gained 1.14% to close at 789.6 pts. Trading volume increased to 309 million shares or VND5,266bn. The market breadth was positive, with more than three gainers against each loser, showing optimistic sentiment. Moreover, the HNX-Index rose by 1.57% at 110.4 pts.

Energy was the market leader driven by PVT (+6.7%), GAS (+0.4%), PVD (+2.1%), PVS (+2.5%), PLX (+1.0%), POW (+1.0%), and BSR (+12.5%). Besides financial stocks outperformed the benchmark market namely SSI (+1.9%), HCM (+2.1%), MBB (+3.0%), HDB (+2.6%), and CTG (+1.5%).

Moreover, cash flowed into Real Estate industry because of VIC (\pm 0.2%), VHM (\pm 1.5%), NVL (\pm 1.5%), NLG (\pm 1.4%), FLC (\pm 1.0%), and SCR (\pm 2.7%). Notably, DXG and TCH limited up. Also, some constituents of the VN30-Index jumped more than 2% such as CTD (\pm 3.8%), HPG (\pm 2.2%), MWG (\pm 6.6%), SAB (\pm 4.9%), and SBT (\pm 4.5%).

In contrast, MSN (-0.3%), ROS (-2.0%), VPB (-1.3%), VHC (-1.7%), AAA (-0.4%), and NT2 (-0.5%) closed in red territory.

Foreign investors continued to sell sharply with a net value of VND392bn on HSX. VNM, VIC, and VPB were sold the most with net values of VND82bn, VND68bn, and VND33bn, respectively. On the buy side, HPG, HCM, and E1VFVN30 were at the top of the list.

Technically speaking, the VN-Index remains the bullish market as the index keeps going up. The cash flows into large-cap stocks. Hence, traders can increase long positions and focus on leading stocks at these sessions.

Breaking news

A foreseeable fall of China's GDP in 1Q20 due to the COVID-19 pandemic. On Friday, 17th April, the health of China's economy has been unveiled as the National Bureau of Statistics of China released the economic data for 1Q20. For the first time in almost three decades, the growth of the second-largest economy fell below a zero percent threshold, posting -6.8% YoY, which is worse than analysts' forecast of -6.5% YoY. However, it seems the severe downturn has already been behind when the pandemic has been successfully contained in China, and lockdown orders have been lifted in almost cities. In a press conference after releasing the data, China's statistics bureau spokesman Mao Shengyong revealed that the number for the next quarter would be much better than in the first. (China's National Bureau of Statistics, Reuters)

VJC to delay payables for new aircraft contracts. Viet jet air (HOSE: VJC) reached an agreement to postpone 70-80% of payables for aircraft purchase contracts of 3-12 months (lenders included HSBC, Citibank, and World Bank). (ndh.vn)

Disclaimer

This report has been issued by the **KISVN Securities Corporation (KIS)** with the instructional contributions of **KISVN Securities Corporation** whose employees are specified in the publication. This report is for information of its institutional and professional customers.

This report is and should not be construed as an offer to sell or a solicitation of an offer to purchase or subscribe for any investment. No consideration has been given to the particular investment objectives, financial situation or particular needs of any recipient. Investors are advised make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular circumstances such as their financial situation, investment objectives and other considerations.

In preparing this report, we have relied upon and assumed the accuracy and completeness of all information available from public and other sources which we believe to be reliable, but which we have not independently verified. KIS makes no express or implied guarantee, representation or warranty and accepts no responsibility or liability as to the accuracy or completeness of such information.

Opinions, estimates, and projections expressed are current opinions of the authors as of the original publication date appearing on this report only and the information, including the opinions contained herein, and are subject to change without notice.

KIS and its affiliates may from time to time perform investment banking or other services for, or solicit investment banking or other business from, companies mentioned herein. Further, KIS and its affiliates, and/or their officers, directors and employees involved in the preparation or issuance of this report may, from time to time, have long or short positions in, and buy or sell, the securities, or derivatives (including options) thereof, of companies mentioned herein, or related securities or derivatives in a manner that may be consistent or inconsistent with this report and opinions expressed therein. As a result, investors should be aware that KIS and its affiliates and/or their officers, directors and employees may have a conflict of interest that could affect this report.

This report shall not be copied, reproduced, distributed (in whole or in part) or disclosed by recipients to any other person without the express permission of KIS in writing.
