Market commentary & News

Market commentary

Cautious rebound

Hieu Tran
hieu.ttm@kisvn.vn

Vietnam stock market reversed to go up amid the uptrend of the U.S. stock market.

At the close, the VNIndex gained 0.46% to close at 861.3 pts. Meanwhile, trading volume decreased to 322 million shares or VND7,315bn.

Foreign investors reversed to buy with a net value of VND279bn on HSX. They purchased the most VCB, VHM, and VRE with net values of VND103bn, VND86bn, and VND44bn, respectively.

Banking was the market leader because of CTG (+0.7%), VCB (+1.9%), BID (+2.3%), ACB (+0.4%), STB (+2.0%), and VPB (+0.4%).

Moreover, cash flowed into the Real Estate tickers thanks to VIC (+0.1%), VHM (+0.4%), VRE (+5.5%), NVL (+0.9%), NVL (+0.9%), NLG (+0.9%), and DXG (+1.3%). Besides, VIC set revenue and net income target at a low level due to the impact of the COVID-19 in AGM.

In contrast, some constituents of the VN30Index closed in red territory such as BVH (-0.2%), EIB (-1.7%), MWG (-0.1%), PNJ (-0.4%), REE (-0.3%), SBT (-0.3%), SSI (-0.3%), and VNM (-0.1%).

After oil prices fell, selling pressure pushed Energy stocks down due to GAS (-1.5%), PVT (-0.5%), PVD (-0.9%), PVS (-1.6%), PLX (-0.2%), and OIL (-1.2%).

The short-term uptrend has still been confirmed due to the recovery yesterday. Therefore, traders can hold long positions and focus on leading stocks.

Breaking news

- ▶ Korea: Bank of Korea takes action in the economic fallout due to the COVID-19

On Thursday, South Korea's central bank decided to cut its official interest rate to a record low of 0.5% from 0.75% in an effort to counter the economic setback triggered by the pandemic. Besides, the bank also lowered the projected economic growth to -0.2%, possibly the first contraction since the Asian financial crisis 1998, from the previous forecast of 2.1% in February, while the expected inflation is also revised down to just 0.3% this year compared to 1% previously. In addition to the interest rate cut, following the U.S. Federal Reserve and the Bank of Japan, the bank's governor Lee Ju-yeol also said the central bank will conduct a massive government bond purchasing program in order to stabilize the g-bond market and maintain the long-term yield level at low. (Bank of Korea)

- ▶ VIC: Business plan in 2020

Annual General Meeting of Vingroup (HOSE: VIC) approved the 2020 plan with net revenue of VND145tn, up 12% yoy; but after tax profit dropped by 35% yoy to VND5,000bn. (ndh.vn)
