Fund Flow Weekly

2 Mar 2021

Outflow ticks up across SEA

Vietnam foreign flow

Last week, foreign supply surged. Net sell value recorded at USD120mn, reaching the highest figure since Mar 2020.

Breaking down by sectors, Consumer Staples, Real Estate, and Financials were sold the most. Particularly, the selling pressure mainly focused on VNM, KDH, VIC, VRE, CTG, SSI, and HDB, fading the sharp demand on NVB, MBB, and SHS. Besides, Materials turned around to be net sold due to larger sell orders on HPG and HSG. On the contrary, Health Care attracted the most demand across the market, driven by massive demand on PME.

South East Asia ETF flow

The flow of money across SEA recorded at the negative figure since Nov 2020. Net outflow was USD28mn, a 3-month high. To be specific, the surge of outflow was mainly driven by the negative flow of money across Vietnam and Singapore. Especially, money outflow across Singapore hit the 2-year high. In contrast, Thailand was the only country which attracted the flow of money last week.

Vietnam recorded the first week of outflow since Nov 2020. Net outflow was USD5mn. Of which, VFMVN30 ETF leaded the outflow which recorded the strong divestment (USD13mn) whilst VFMVN Diamond and SSIAM VNFIN Lead attracted the total of USD7.5mn.
