## **Vietnam Rubber (GVR)**

## **AGM Briefing: The muted sound of rubber drops**

## **AGM Briefing:**

 On Jun 17, we tuned in to GVR's AGM presentation briefing for the upcoming business plan. Key issues covered were 2022F guidance and expansion strategy and its divestment plan.

## 2022F: Dragged down by heavier cost

- Rubber Group of Vietnam is among the biggest state-owned rubber producers with 400,000ha rubber land: Laos and Cambodia occupy 115,000ha, Southeast regions of Vietnam form 150,000-160,000ha, Central Highland accounts for 70,000. GVR's rubber capacity stood at 1.51tonne/ha in 2021.
- Despite the headwinds from the national lockdown, the company beat the full-year guidance with a VND26.2tn revenue, +24% yoy and a VND4.2tn NPATMI, +10.3% yoy in 2021.
- Hit by swirls of raw material price rally and freight rate upturn, GVR prudently guides a flattish NPAT of VND5,340bn based on a 4.8% yoy revenue growth.
- The rubber production and rubber liquidation segments account for above 50% of total NPAT guidance, followed by industrial park with 12%, wood processing with 10%, and divestment income with 15%.
- The rubber production segment thrives with 6.8% yoy growth of volume in 2022F and a sustained selling price of VND39mn/tonne in 1H22.
- GVR's rubber products are sold worldwide of which China market constitutes 20-30%.
- Yielding a net profit of VND6-7mn/tonne for 400,000 tonnes, the rubber segment contributes VND2.4-2.5tn net profit in 2022F
- The rubber liquidation segment persists with a net profit of VND160-180mn/ha, translating to a total net profit of VND1.6-1.8tn for 10,000ha/year in 2022F.

## Nhan Lai Nhan.lt@kisvn.vn

- Industrial park segment could be bullish thanks to the transfer of land area in Nam Tan Uyen 3 industrial park to clients.
- Divestment plan could proceed in 2H22F and bring around VND750-850bn financial gains.
- Since the divestment gains are falling in 2H22F, the 2Q22F business results could stay the same as last year.
- A 5% cash dividend at par could be paid in Aug, 2022, equivalent to a dividend yield of 3%
- GVR is trading at 21.3x TTM PE, and 22.2x 12MF PE, which is not cheap if compared with the 12MF PE of VNINDEX at 11x.

## Waiting for amended Land Law

- The management blames that the conversion plan from unfertile rubber land to an industrial park is overly bureaucratic and complex.
- They expect the Law of Land could be amended in late 4Q22F, paving the path to resolve the conversion plan.
- In the short-term horizon, GVR has yet to consider the contribution of the industrial park revenue and expects to reap stellar growth when the plans are passed.
- To shore up the expansion plan, GVR is going to invest a VND2,360bn CAPEX in 2022F.

#### ■ Guide to KIS Vietnam Securities Corp. stock ratings based on 12-month forward performance

- BUY: Expected total return will be 15%p or more
- Hold: Expected total return will be between -5%p and 15%p
- Sell: Expected total return will be -5%p or less
- KIS Vietnam Securities Corp. does not offer target prices for stocks with Hold or Sell ratings.

#### ■ Guide to KIS Vietnam Securities Corp. sector ratings for the next 12 months

- Overweight: Recommend increasing the sector's weighting in the portfolio compared to its respective weighting in the VNIndex based on market capitalization.
- · Neutral: Recommend maintaining the sector's weighting in the portfolio in line with its respective weighting in the VNIndex based on market capitalization.
- Underweight: Recommend reducing the sector's weighting in the portfolio compared to its respective weighting in the VNIndex based on market capitalization.
